Werner and Linda Janzen

WERNER JANZEN

After spending his early years on a farm near Coaldale, Werner graduated from the University of Lethbridge. He also studied at Briercrest College, the Mennonite Biblical Seminary and the University of Winnipeg where he took a chaplaincy course.

While Werner has been employed as a school-teacher, worked in camps for both children and teens, and has served as a pastor, it is his interest in missions that has marked him out, and this interest has been expressed in a very practical manner.

When Werner took groups of high school children to New York City, it wasn't to see the sights, but rather to work with the residents of the Brooklyn slums.

Werner and his wife Linda also spent time in India to help establish an orphanage there, and worked with YWAM (Youth With a Mission) in both Germany and Thailand.

Werner and Linda have been married for 45 years and have three children. We are looking forward to their ministry on this, their first visit to Keenagers.

About Crowsnest Lake Bible Camp

Crowsnest Lake Bible Camp: Providing a fee-free and Christ-centered camping experience in the heart of the Canadian Rockies since 1956.

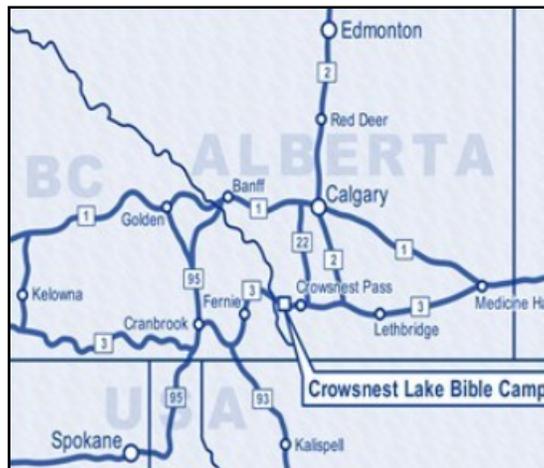

We are an autonomous, evangelical, faith ministry, dedicated to bringing glory to God by responding to the needs of the whole person according to the Biblical principles of evangelism and discipleship, through offering programs in a camp setting.

Over the years, Crowsnest Lake Bible Camp has grown and changed in many ways, but one thing has remained the same since that very first camp in the summer of 1956: **all our camps are still offered free of charge.**

We want everyone to be able to attend camp regardless of their financial situation. We feel this is one way we can participate in sharing the free grace of God that is offered to all of mankind, without cost, by our mighty God. We seek to operate as a practical object lesson of His generosity to each of us.
