## Crowsnest Lake Bible Camp: Winter Camp

### *Winter Camp Program*

Winter Camp is our New Year's camp, open to all young adults 18 and up, as well as to those who have completed our PIT program. This is a great time to have fun, relax, hangout with camp friends, meet new people, enjoy the Crow environment, grow in your faith, and re-focus for the New Year.

There will be various outdoor and indoor activities and options planned throughout the Winter Camp program, adapted to whatever our mountain weather might hold – it is sure to be a Winter Camp to remember!

### *Winter Camp COVID Protocol*

#### **Cohort Commitments:**

In order to minimize COVID risk, participants in this year's Winter Camp will be committing to join a 50 person cohort for the duration of the program, from the afternoon of December 29<sup>th</sup> through the morning of January 1<sup>st</sup>. This will mean that while attending Winter Camp, you will not go into town and visit those outside of the Winter Camp cohort. It also means that if you have to leave the cohort, or aren't able to stay for the full program, you will not be able to rejoin the cohort again afterwards. Unregistered guests will not be permitted to drop in during the program.

For New Year's Eve, we will be providing the option of a second 'one night only' cohort for those who want to participate in Winter Camp but cannot commit to the whole time. Guests in the second cohort will be expected to wear a mask when indoors and remain distanced from those in the Winter Camp cohort. If you are interested, please reach out to the Registrar by emailing [registrar@crowcamp.ca](mailto:registrar@crowcamp.ca).

#### **Health & Safety:**

Crowsnest Lake Bible Camp is committed to observing and following all relevant public health regulations, and specifically those for [Camps](#). Crowsnest Lake Bible Camp is not participating in the Alberta Government's COVID Vaccine [Restriction Exemption Program](#). Proof of vaccination is not required in order to attend Winter Camp. In addition to the above cohort commitments and precautions, you will only be able to attend the Winter Camp program if you are feeling well, have no known close contacts with a confirmed COVID-19 case, and have completed the [Alberta Health Services COVID Self-assessment](#).

Upon arrival, we will also do a COVID screening questionnaire and temperature check of all cohort members. Additionally, CLBC will be taking extra precautions by providing COVID rapid testing for all winter camp cohort members upon arrival; this would apply to everyone who has not recently recovered from COVID-19 within the past 90 days. This testing will be done in your vehicle when you arrive as a part of the registration process. Alternatively, you can bring your own copy of your recent (within the last 24 hours) COVID-19 rapid test results.
